A complete set of bidding documents may be purchased by any interested bidder on submission of a written application and payment (non-refundable) of the cost of the bidding documents as mentioned above in the form of a Demand Draft/Pay Order/Banker’s Cheque drawn in favour of “WEST BENGAL STATE ELECTRICITY TRANSMISSION COMPANY LIMITED” from any scheduled bank payable at Kolkata. Issuance of bidding documents shall not automatically construe that the bidder fulfils the Qualifying Requirements which shall be determined during bid evaluation based on data/documents submitted by the bidder.

5.0 All bids must be accompanied by bid security for an amount of Rs 90.0 Lakh [Rupees Ninety Lakh only] in the form of Demand Draft /Pay order /banker’s Cheque/ Bank Guarantee and shall remain valid for a period of 240 days from the date of opening of Bids with a claim period of another 90 days thereafter. Bids not accompanied with an acceptable bid security as specified in bidding documents, in a separate cover or bids accompanied with bid security of inadequate value shall be rejected by the WBSETCL and in such cases bids shall be returned to the bidders unopened.

6.0 Qualifying Requirement for bidders:
In addition to the requirements stipulated under Section, Instruction to Bidders (ITB), the following shall also apply:
6.1) **Technical Qualification**

A) **Technical Qualification of the manufacturer of GIS equipment as the Bidder:**

(i) The Bidder should have experience of manufacturing, testing and supply of 220 KV or higher class GIS equipment having manufactured and supplied 220 KV or higher class GIS equipment consisting of minimum 3 (three) nos. complete GIS bays consisting of at least one number feeder bay, one number transformer bay and one no. Bus Coupler bay which have already been installed and commissioned in any Indian power utility under Turn Key Contracts during last 10 (ten) years from the date of NIT and the said GIS equipments bays are under satisfactory operation for not less than 1(one) year as on date of NIT (to be supported by authenticated documents).

OR

In case, the GIS manufacturer does not meet the QR laid down in 6.1 A) (i) as above, then any Indian manufacturer of GIS equipment can bid as a licensee of the qualified manufacturer or technology owner of the GIS technology, offered in the bid where the Licensor must have minimum ten years of design, testing and commercial deployment experience of the same technology globally with minimum of one year satisfactory operation in any power utility in India of the equipment supplied within the last ten years. The authorized licensee must have its own registered office in India. The authorised licensee must also furnish a legally enforceable agreement between himself (as the bidder) and the Licensor in its bid, valid for a further period of five years after guarantee period of the GIS equipment covering the following:

- The Licensor must guarantee sequential, timely supply, performance, service support, availability of spares during life cycle of the offered equipment and defect liability obligations as specified in the relevant technical specification/GCC.

- Any design undertaken by the licensee must be approved by the licensor.

a) In addition to Contract Performance Guarantee, the Licensee shall furnish additional performance guarantee in the form of Bank Guarantee for 10 % of the value of the contract for successful performance of the GIS Equipment to be manufactured and supplied by the Licensee under the contract.

(ii) However, the bidder, must have successfully erected, tested and commissioned on supply cum erection basis at least one 220 KV or higher KV Class sub-station(either AIS or GIS) under Turnkey contract in India including complete design and engineering (both electrical and civil), having at least 4(four) nos. 220 KV or higher KV class complete bays - out of which two nos. must be feeder bays and one no. must be a power transformer bay.
(with or without supply of power transformer), during last 10(ten) years from the date of NIT in any Indian power utility which must be in successful operation for at least one year from the date of NIT (to be supported by authenticated documents) whose scope of work must also include Construction of new 220 KV/higher KV Control Building; Infrastructural works like roads, drainage system, cable trench system etc.

(iii) All equipment including GIS equipment offered for this package shall be type tested. Copies of type test reports identical to the offered equipment including GIS equipment, as per details given in technical specifications, shall be attached with the bid document.

(iv) The bidder should submit history of past supply, client’s certificate in support of satisfactory operation of 220 KV or above KV class substation meeting the criteria as mentioned in 6.1 A) (ii) and 220 KV or above KV class GIS equipments meeting the criteria as mentioned in 6.1 A) (i) above.

B) Technical Qualification for Indian EPC sub-station contractor as Bidder:

(i) The bidder must have successfully erected, tested and commissioned on supply cum erection basis at least one 220 KV or higher KV Class substation(either AIS or GIS) under Turnkey contract in India including complete design and engineering (both electrical and civil), having at least 4(four) nos. 220 KV or higher KV class complete bays - out of which two nos. must be feeder bays and one no. must be a power transformer bay (with or without supply of power transformer), during last 10(ten) years from the date of NIT in any Indian power utility which must be in successful operation for at least one year from the date of NIT (to be supported by authenticated documents) whose scope of work must also include Construction of new 220 KV/higher KV Control Building; Infrastructural works like roads, drainage system, cable trench system etc.

(ii) The bidder shall supply 220 KV class GIS equipment from any national / internationally reputed manufacturer of GIS equipment who meets the QR as laid down in Serial 6.1 A) (i) above. However, the Bidder must obtain authorization from the manufacturer of GIS equipment meeting the above criteria supported by legally enforceable undertaking jointly with the GIS manufacturer to guarantee quality, timely supply, performance, service support, availability of spares during lifecycle of the offered equipments and defect liability obligations as specified in the relevant technical specification and General Condition of Contract. The same is also applicable if bidders’ parent company (principals) is the supplier of GIS equipment.

(iii) All equipment including GIS equipment offered for this package shall be type tested. Copies of type test reports identical to the offered equipment including GIS equipment, as per details given in technical specifications, shall be attached with the bid document.
(iv) The bidder should submit history of past supply, client’s certificate in support of satisfactory operation of 220 or above KV class substation meeting the criteria as mentioned in 6.1 B) (i) and 220 KV or above KV class GIS equipments meeting the criteria as mentioned in 6.1 B) (ii) above.

Supporting documents in favour of all the above mentioned requirement shall have to be submitted by the Bidder under Envelope: 1 of the Bid. Failure to furnish any or all information as required as a part of Bid document in every respect will be at the Bidder’s risk and may result in rejection of the Bid.

6.2) Financial

i) In order to qualify for this package, the bidder must be having Financial Net Worth at the end of last financial year not less than Rs 9.0 Crore (Rupees Nine Crore only).

ii) Average Annual Turnover during last three financial years shall not be less than Rs 35.0 Crore (Rupees Thirty Five Crore only).

7.0 WBSETCL reserves the right to accept or reject any bid partly or fully or cancel the bidding without assigning any reasons thereof and in such case no bidder/ intending bidder shall have any claim arising out of such action.
