Independent Auditor's Report

To
The Members of
West Bengal State Electricity Transmission Company Limited
Report on the Audit of the Ind AS Financial Statements.

Opinion

We have audited the accompanying Ind AS financial statements of West Bengal State Electricity Transmission Company Limited (the "Company"), which comprise the Balance Sheet as at 31st March 2024, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and notes to Financial Statement, and a summary of significant accounting policies and other explanatory information(hereinafter referred to as "Ind AS financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Companies Act, 2013 ('the Act'), the Electricity Act 2003, and WBERC Regulations in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Ind AS, of the financial position of the Company as at 31st March 2024, its financial performance including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the Ind AS financial statements in accordance with the Standards on Auditing (SAs) and Indian Accounting Standards as specified under section 143(10) and section 133 of the Companies Act, 2013 respectively. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the audit of the Ind AS Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the Ind AS financial statements under the provisions of the Companies Act, 2013 and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the

ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS financial statements.

Emphasis of Matters

We draw attention to the following matters:

Additional Depreciation: Rs.19887.34 lacs
Consequent upon change in principle for calculation of depreciation as mandated in WBERC (Terms and Conditions of Tariff-Fourth Amendment) Regulations 2023, an additional amount of depreciation for Rs.19887.34Lacs has been charged in the Statement of Profit and Loss for the current year. (Refer Note No 22.2)

Pending capitalization of CWIP: Rs. 35,815.02 lacs
Amount of Capital Work In Progress includes Rs. 35,815.02 lacs for balances pending capitalization for more than three years. (Refer Note No.1.4)

Late Payment Surcharge (LPSC):

The company does not realize any late payment surcharge from WBSEDCL though as per WBERC (Terms and Conditions of Tariff) Regulations, 2011, the transmission licensee shall levy late payment surcharge from the beneficiary at the rate specified in the Regulation. As a result of non realization of such LPSC, the income of the company is understated to the extent of unrealized late payment surcharge amount from WBSEDCL. Amount could not be quantified as no records were made available to us. (Refer note No. 5.1(a))

Capitalization of revenue expenditures: (Rs.6174.05 lacs):
As per significant accounting policy of the company, the employee benefits expenses and other expenses are capitalized based on Board of Directors' approved ratios for apportionment of such expenses but not on actual basis of expenses. This practice is at variance with the requirement of Ind AS-16. (Refer notes No.20 & 23)

Inventories:
During the year, the company made an exercise to bifurcate the year end inventories into capital inventories and revenue inventories. And as a result of such exercise, capital inventories amounting to Rs. 22,701.56 lacs have been transferred to CWIP account. (Previous year figure restated as Rs.19637.07 lacs)

Over recovery from consumers: Rs.18945.00lacs (Refer Note No29 c)

WBERC has intimated the company, through its APR order for the years: 2020-21 & 2021-22, for adjustment of over recovery of Rs.18,945.00 lacs in future. However, WBERC has decided not to adjust the over recovery amount in the tariff for 2023-24 & 2024-25 as some computational errors were raised by the Company

Other Matters:

Contingent Liability:
The Company has not disclosed any contingent liability in respect of its pending review petitions at Calcutta High Court for non-payment of D.A. at rates declared by the central government considering the provisions of Revision of Pay and Allowance (ROPA) Rules, 2020.

Utilization Certificates for CSR Expenditures:
The Company has incurred an amount of Rs. 3835.35lacs during the last three years as CSR expenditures in compliance with section 135 of the Companies Act, 2013. However, Utilization Certificates for Rs. 784.97 lacs could be collected for such expenditures.

Our opinion is not modified in respect of above matters.

Key Audit Matters
Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. As the company is an unlisted company, reporting under SA 701(Communicating Key Audit Matters in the Independent Auditor's Report), is not mandatory.

Information Other than the Ind AS Financial Statements and Auditor's Report Thereon.
The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the *Management Discussion and Analysis, Board's Report including Annexure to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information*, but does not include the Ind AS financial statements and our auditor's report thereon.
Our opinion on the Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Ind AS financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Ind AS Financial Statements.

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013('the Act') with respect to the preparation of these Ind AS Financial Statements that give a true and fair view of the financial position, of financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act, read with relevant rules issued there under and as per the Electricity Act, 2003 and relevant West Bengal Electricity Regulatory Commission(WBERC) regulation in respect of calculation of depreciation and other recognized accounting practices and policies.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error. In preparing the Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the company's financial reporting process

Auditors' Responsibility for the Audit of the Ind AS Financial Statements.

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high

level of assurance, but is not a guarantee that an audit conducted in accordance with Standard on Auditing (SAs) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS financial statements .As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

*Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;

*Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system with reference to financial statements in place and the operating effectiveness of such controls;

*Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;

*Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify ouropinion.Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern; and

*Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Ind AS financial statements that, individually or in aggregate,makes it probable that the economic decisions of a reasonably knowledgeable user of the Ind AS financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of

our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Ind AS financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes publicdisclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements
1. As required by the Companies (Auditor's Report) Order, 2020 (the "Order") issued by the Central government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters as specified in paragraphs3 and 4 of the Order.

2. We are enclosing our report in terms of Section 143 (5) of the Act, on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, in the "Annexure A" on the directions and sub-directions issued by the Comptroller and Auditor General of India.

3. As required by Section 143 (3) of the Act, we report that:

a. we have sought and obtained all the information and explanations which to the best of our knowledge and believe were necessary for the purposes of our audit;

b. in our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;

c. the Balance Sheet, the Statement of Profit and Loss including the other comprehensive income, the statement of Cash Flow and the Statement in changes in equity dealt with by this report are in agreement with the books of account;

d. In our opinion, the aforesaid Ind AS Financial Statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules. 2015 (as amended) except the matters mentioned in this report.

e. Being a Government Company, pursuant to the Notification No. GSR 463(E) dated 5th June 2015 issued by Ministry of Corporate Affairs, Government of India, provisions of sub-section (2) of Section 164 of the Companies Act, 2013 regarding disqualifications of directors, are not applicable to the Company.

f. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure C"; and

g. With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

i. The Company has disclosed the impact of pending litigations on its financial position in its Ind AS Financial Statements — Refer to Note 29 to the Ind AS Financial Statements;

ii. The Company did not have any long term contracts including derivative contracts for which there were any material foreseeable losses.

iii. The Company has no case of transferring any amount to the Investor Education and Protection Fund as per the provisions of the Act.

iv) a) The Management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company("Ultimate Beneficiary") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

b) The Management has represented that, to the best of its knowledge and belief, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the

Funding Party ("Ultimate Beneficiary") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

v) Based on the audit procedures which are considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations made by the Management under sub-clause (iv) (a) and (iv) (b) above, contain any material misstatement

vi) a) The dividend proposed in the previous year, declared and paid by the Company during the year is in accordance with Section 123 of the Act, as applicable to government companies.

b) The Board of Directors of the Company have proposed dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The amount of dividend proposed is in accordance with Section 123 of the Act.

vii) Based on our examination, which included test checks, the Company has used SAP-ERP accounting software for maintaining its books of account for the financial year ended March 31, 2024 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with.

As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from April 1, 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 on preservation of audit trail as per the statutory requirements for record retention is not applicable for the financial year ended March 31, 2024.

viii) The provisions of Section 197(16) of the Act regarding payment of managerial remuneration to Company's directors are not applicable to the company in view of Notification No. GSR 463(E) dated 5th June, 2015 issued by the Ministry of Corporate Affairs, Government of India.

Annexure-A to the Independent Auditors' Report

Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of independent audit report on the Ind AS financial statements of even date

I. General Directions under Section 143(5) of the Companies Act,2013.

	Description	Auditor's Reply
1	Whether the company has system in place to process all the accounting transactions through IT system? If yes, the implications of processing of accounting transactions outside IT system on the integrity of the accounts along with the financial implications, if any, may be stated.	Our examination of records reveals that all accounting transactions are processed through SAP-ERP IT System. However, preparation of financial statements, after consolidating the trial balances of different area offices/units generated through the above mentioned IT System, is done in Excel Spreadsheet at Head Office. It has no financial implications.
2	Whether there is any restructuring of an existing loan or cases of waiver/write off of debts/loans/interest etc. made by a lender to the company due to the company's inability to repay the loan? If yes, the financial impact may be stated. Whether such cases are properly accounted for? (In case, lender is a government company, then this direction is also applicable for statutory auditor of lender company).	There have been no cases of restructuring of an existing loan or cases of waiver / write-off of debts / loans /interest etc., by a lender during the year. .
3	Whether funds (grants/subsidy etc.) received/ receivable for specific schemes from central/state government or its agencies were properly accounted for/utilized as per its term and condition? List the cases of deviation.	The company has received Rs 1597.70 lacs as grant from Power System Development Fund (PSDF). As per the explanations and information given to us and on the basis of the records examined by us, in our opinion the funds have been duly accounted for and utilized for the purpose they have been granted and no case of deviation has been observed.
II. Sector Specific Sub -direction under Section 143(5) of the Companies Act 2013:		
1	How much transmission loss in excess of prescribed norms has been incurred during the year and whether	Prescribed transmission loss is 2.70% and actual transmission loss was 2.14% No accounting was done in books since the

DE & BOSE KOLKATA Chartered Accountants

	the same been properly accounted for in the books of accounts?	actual loss is less than normal loss.
2	How much cost has been incurred on abandoned projects and out of this how much cost has been written off?	No case of abandonment of project was reported during the year.
3	Where land acquisition is involved in setting up new projects, report whether settlement of dues done expeditiously and in a transparent manner in all cases. The cases of deviation may please be detailed.	For setting up new projects, land is acquired through respective District Authority. The payment of Land acquisition cost, to the land owners, is also made through the District Authority.
4	Compliance with respect to guidelines and instructions circulated by the Ministry of Corporate Affairs (MCA) regarding Corporate Social Responsibility (CSR) Activities have been followed while incurring expenditure on account of CSR.	As reported to us, compliance with respect to guidelines and instructions circulated by the Ministry of Corporate Affairs (MCA) regarding Corporate Social Responsibility (CSR) activities has been followed while incurring expenditure on account of CSR. Most of the CSR projects are implemented through various departments of Government of West Bengal. A large number of utilization certificates for the CSR expenditures are yet to be collected from the implementing agencies.

ANNEXURE -B TO THE INDEPENDENT AUDITOR'S REPORT

Referred to in Paragraph-1 under "Report on Other Legal & Regulatory Requirements" section of our report of even date

As required by the Companies (Auditor's Report) Order, 2020, issued by the Central Government in terms of sub section (11) of section 143 of the Act, and on the basis of such checks as we considered appropriate and according to the information and explanations given to us during the course of our audit, we further report that: -

(i) (a) (A) According to the information and explanations given to us and on an examination of the records of the Company, we are of the opinion that the Company has maintained proper records showing full particulars, including quantitative details and situation of its Property, Plant and Equipment.

(B) According to the information and explanations given to us and on an examination of the records of the Company, we are of the opinion that the Company has maintained proper records showing full particulars of its intangible assets.

(b) The Company has produced before us the records of physical verification of its fixed assets during the year under audit and no material discrepancies were found on such verification.

(c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties except the following mentioned properties (other than immovable properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) disclosed in the financial statements are held in the name of the Company.

(d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not revalued its Property, plant and equipment or Intangible assets or both during the year.

(e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no proceedings initiated or pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made there under.

(ii) (a) As per the information and explanations given to us and as per the records of the Company examined by us, the Company is following a system of verifying its inventory physically once in a year through outside agencies. In our opinion, due to the size of the company, the nature of the inventories and the large number of locations, a more frequent and comprehensive coverage of physical verification is desired. Based on our audit procedures and on an analysis of the reports of physical verification, there are no discrepancies noticed during such physical verification that are 10% or more in the aggregate for any class of inventory; and the discrepancies are properly dealt with in the books of accounts

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks on the basis of security of current assets. In our opinion, the quarterly returns or statements filed by the Company with such banks are in agreement with the books of account of the Company.

(iii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any investments, provided guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, limited liability partnerships or any other parties during the year and hence reporting under clause 3(iii) of the order is not applicable.

(iv) According to the information and explanations given to us and on the basis of our examination of the records, the Company has not given any loans, or provided any guarantee or security as specified under Section 185 of the Companies Act, 2013 and the Company has not made investment or given any loans or provided any guarantee or security as specified under Section 186 of the Companies Act, 2013.

(v) The Company has not accepted any deposits or amounts which are deemed to be deposits from the public. Accordingly, clause 3(v) of the Order is not applicable.

DE & BOSE KOLKATA

(vi) We have broadly reviewed the cost records maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended, prescribed by the Central Government under sub-section (1) of Section 148 of the Act, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

(vii) (a) The Company has generally been regular in depositing undisputed statutory dues, including Provident Fund, Income Tax, Service Tax, GST and other material statutory dues applicable to it with the appropriate authorities. Based on the audit procedures performed and the information and explanations given to us, there were no undisputed amount payable in respect of Provident Fund, Income Tax, Service Tax, GST and other material statutory dues in arrear as on 31st March, 2024 for a period of more than six months from the date they became payable.

(b) Details of statutory dues (Rs.7,088.09 lacs) referred in to sub-clause (a) above which have not been deposited as on 31st March, 2024 on account of disputes are given below:-

Sl. No.	Name of the Statute	Nature of dues	Amount (Rs. In lacs)	Period to which the amount relates	Forum where dispute is pending
1	Income Tax Act,1961	Income Tax	41.30	AY :2009-10	Calcutta High Court
2			241.34	AY :2008-09	Supreme Court
3			464.91	AY :2009-10	CIT(Appeals)
4			187.11	AY :2010-11	
5			20.20	AY :2012-13	
6			4.73	AY :2014-15	
7			149.69	AY :2010-11	
8			1911.71	AY:2014-15	
			899.47	AY:2022-23	
9	Finance Act,1994	Service Tax	150.79	2013-14 to 2016-17	Commissioner of CGST and Central Excise, Kolkata North

(viii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not surrendered or disclosed any transactions, previously unrecorded as income in the books of account, in the tax assessments under the Income-tax Act, 1961 as income during the year.

(ix) (a) The company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to bank;

KOLKATA

(b) The company has not been declared a willful defaulter by any bank or financial institution or other lender.

(c) On an overall examination of financial statements of the Company, the term loans were applied for the purpose for which the loans were obtained;

(d) On an overall examination of financial statements of the Company, funds raised on short term basis have not been utilized for long term purposes;

(e) The Company does not have any subsidiaries or associate companies or joint ventures so reporting under this clause is not applicable.

(f)The Company does not have any subsidiaries or associate companies or joint ventures so reporting under this clause is not applicable

(x) (a) The Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments). Accordingly, clause 3(x)(a) of the Order is not applicable.

(b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, clause 3(x)(b) of the Order is not applicable.

(xi) (a) Based on examination of the books and records of the Company and according to the information and explanations given to us, considering the principles of materiality outlined in Standards on Auditing, we report that no fraud by the Company or on the Company has been noticed or reported during the course of the audit.

(b) According to the information and explanations given to us, no report under sub-section (12) of Section 143 of the Companies Act, 2013 has been filed by the auditors in Form ADT-4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.

(c) As represented to us by the management, there are no whistle blower complaints received by the company during the year.

(xii) According to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, clause 3(xii) of the Order is not applicable.

(xiii) In our opinion and according to the information and explanations given to us, the transactions with related parties are in compliance with Sections 177 and 188 of the Companies Act, 2013, where applicable, and the details of the related party transactions have been disclosed in the financial statements as required by the applicable Accounting Standards.

(xiv) (a) In our opinion, the company has an adequate internal audit system commensurate with the size and the nature of its business.

(b) We have considered the internal audit reports of the Company made available to us at the time of our audit.

DE & BOSE KOLKATA

(xv) In our opinion and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected to its directors and hence, provisions of Section 192 of the Companies Act, 2013 are not applicable to the Company.

(xvi) (a) In our opinion, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(a) of the Order is not applicable.

(b) In our opinion, the company has not conducted any Non-Banking Financial or Housing Finance activities. Accordingly, clause 3(xvi)(b) of the Order is not applicable.

(c) In our opinion, the company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, clause 3(xvi)(c) of the Order is not applicable.

(d) Clause 3(xvi)(d) of the Order is not applicable.

(xvii) The Company has not incurred cash losses in the current and in the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors during the year. Accordingly, clause 3(xviii) of the Order is not applicable.

(xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

xx) (a) In our opinion and according to the information and explanations given to us, there is no unspent amount under sub-section (5) of Section 135 of the Companies Act, 2013 pursuant to any other than ongoing project. Accordingly, clauses 3(xx)(a) of the Order are not applicable..

(b) In our opinion and according to the information and explanations given to us, the unspent amount under sub-section (5) of Section 135 of the Companies Act, 2013 pursuant to ongoing projects has been transferred to special account in compliance with the provision of sub-section (6) of section 135 of the said Act.

(xxi) The Company does not have any subsidiaries or associate companies or joint Venture. Hence, reporting under clause 3(xxi) of the order is not applicable

ANNEXURE-C to the Independent Auditor's Report

Referred to in Paragraph-3(f) under "Report on Other Legal & Regulatory Requirements" section of our report of even date

---

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **West Bengal State Electricity Transmission Company Limited** (the "Company") as of 31st March, 2024 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

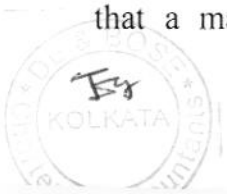

Management's and Board of Directors' Responsibility for Internal Financial Controls

The Company's management and Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to Ind AS financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing as specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to Ind AS financial statements, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Ind AS financial statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls included obtaining an understanding of internal financial controls with reference to Ind AS financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating

effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to Ind AS financial statements.

Meaning of Internal Financial Controls over Financial Reporting.

A company's internal financial controls with reference to financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial reporting includes those policies and procedures that

1. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
2. provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
3. Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls with reference to the Ind AS financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to Ind AS financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to Ind AS financial statements and such internal financial controls with reference to financial statements were operating effectively as at 31st March, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Other Matters:

The company's internal financial control requires improvement in the areas of:

a) Execution of title deeds of immoveable properties in favour of the company.

b) The system of follow up of long pending legal cases.

c) Conversion of Capital Work in Progress balance into Assets as reported by the Internal Auditors of the Company in their reports on audit of "Effectiveness of Internal Financial Control" for the audit period 2023-24.

d) Collecting utilisation certificates for CSR expenditures from implementing agencies.

Our opinion is not modified in respect of these matters.

1 The company maintains reserve for unforeseen exigency to the extent of amount allowed under tariff.

2 Other Comprehensive income arises due to re- measurement of post employment benefit obligation and the same is recognized directly to retained earnings.

In terms of our report of even date attached herewith.

Note 1.6 :

Amount of CWIP includes Rs 273.72 lakhs for 132 KV D/C Tr. Line from KTPS-Uluberia tapping point near Bagnan to proposed Foundry Park S/S , 132 KV D/C Tr. Line from Food Park S/S to Ambuja Cement Factory and LILO of Domjur Uluberia 132 KV D/C Tr. Line at Foundry Park 220 KV S/S. The projects being stalled for long time due to ROW problem the entire cost booked in CWIP has been provided for during the Financial Year 2021-22 .

Note 1.7 :

As per practice of the company the amount of Employee Cost capitalised during the year is allocated among the Fixed Asset converted during the financial year on the basis of value of Fixed Asset.

Note 1.8 :

Additions during the year and Capital Work in Progress include ₹ 3717.16 Lakhs (Previous Year ₹ 3774.25 Lakhs) being borrowing cost capitalised in accordance with Ind AS -23 "Borrowing Cost".

Note 1.9 :

As per directive of Hon'ble WBERC an initiative has been taken to Identify and Transfer the assets created out of Deposit received from WBSEDCL, to WBSEDCL. In the first phase, during 2022-23 we have transferred assets worth Rs 10232.60 lakhs (excluding overhead capitalised). Accordingly an amount of Rs 11015.16 lakhs has been adjusted from Cost /Deemed Cost and Rs 717.19 lakhs has been adjusted from Accumulated Depreciation. In FY 2023-24 we have transferred assets worth Rs 4768.35 lakhs (excluding overhead capitalised). Accordingly an amount of Rs 5213.96 lakhs has been adjusted from Cost /Deemed Cost and Rs 629.26 lakhs has been adjusted from Accumulated Depreciation.

11.1 Security:-

(a) **Loans from banks are secured by:**

(i) Term Loan I from STATE BANK OF INDIA is secured by hypothecation of entire present and future fixed assets of the 220/33 kV GIS substations at Mongalpur, 132/33 kV GIS at Labhpur, Harischandrapur, Kona and their associated transmission lines.

(ii) Term Loan II from STATE BANK OF INDIA is secured by hypothecation of entire present and future fixed assets of the 220/132/33 kV GIS substations at Baruipur, 220/132/33 kV GIS at Jangalpur, 132/33 KV GIS at Salt Lake Stadium and Establishment of new connectivity between two substations,viz., Pingla-Keshiary 132 KV D/C Line,Basirhat NT AA-III 132 KV D/C, Indus-Raina 132 KV D/C Line,Rampurhat-Bhadrapur 132 KV D/C Line, Tarakeswar-Jangipara 132 KV D/C Line and their associated transmission lines.

(iii) Term Loan III from STATE BANK OF INDIA is secured by hypothecation of entire present and future fixed assets of the (i) 220/132 kv s/s at Vidhyasagar park, Kharagpur, 220 kv line bays, 220kv DC transmission lines and other associated works in West Midnapur dist. of West Bengal,(ii) 200/132 kv Gas insulated s/s at Alipurduar(GIS) with 2x160 MVA 220/132 kv power transformer and associated transmission system in Alipurduar District of West Bengal, (iii)5 nos 160 MVA and 3 nos 200 MVA Power Transformers for installation at different s/s (iv) 220/132/33 kv s/s with 2x160 MVA , 220/133 & 2x50 MVA 132/33 kv Power transformer at Sadaipur in the District of Birbhum of West Bengal and associated transmission system(220 kv and 132 kv D/C), (v) Panagarh 132/33 kv Gas Insulated S/S with 2x50 MVA 132/33 kv Power transformer and associated transmission system in the District of Burdwan of West Bengal, (vi) (2x100) MVA 400/132 kv Gas insulated S/S at Purulia Pumped Storage (PPSP 400 kv GIS) associated bays and associated LILO of 400 kv PPSP-Arambag D/C Line on D/C tower at new PPSP 400 kv s/s in Purulia District of West Bengal, (vii) (2x50) MVA 132/33 kv Gas insulated s/s at Mohitnagar along with associated bays and transmission lines in Jalpaiguri District of West Bengal, (viii)(2x50) MVA 132/33 kv Gas insulated s/s at Indus along with associated bays and transmission lines in Bankura District of West Bengal, (ix) (2x31.5) MVA 132/33 kv s/s at Islampur along with associated bays and transmission line in Uttar Dinajpur District of West Bengal, (x) (2x50) MVA 132/33 kv s/s at Keshiary along with associated bays and transmission lines in West Midnapur District of West Bengal.

(iv) Term Loan IV from STATE BANK OF INDIA is secured by hypothecation of entire present and future fixed assets of the (1)Durgapur unit: (i) 220/132 kv s/s at Durgapur AB Zone with (a) 220 kv GIS module for 4 nos. feeder, 2 nos transformer & 1 no bus coupler, (b) 2*160MVA 220/132 kv trasformer, (c) 2 nos 132 kv AIS trasformer bays, (ii) D/C LILO of Durgapur DPL U#8 220 kv D/C transmission line at proposed durgapur AB Zone 220kv GIS, (iii) 132kv S/C trasmission line from Durgapur C Zone to C1 Zone s/s,(iv) 132 kv D/C transmission lines with HTLS condutor from Dirgapur AB Zone with 132 kv bays at AB Zone, (v) 132 kv D/C Tower for 132 kv D/C connection between Durgapur AB Zone & B Zone s/s. (2) Satgachia unit: (i) 400 kv Gas insulated s/s(GIS) at satgachia, Burdwan(East) with (a) 400 kv GIS module for 4 nos feeders , 2 nos transformers & 1 no Bus Reactor (b) 2*500 MVA 400/220 kv ICTs, (c) 1*125 MVAR Bus Reactor, (d) 2 nos 220 kv AIS transformer bays, (ii) D/C LILO of Gokarna New Chanditala 400 kv D/C transmission line, (3) Kamakhyaguri Unit: (i) 132/33/11 kv s/s (AIS) at kamakhyaguri with 1 no 132 kv Line bays, 2 nos 31.5 MVA transformer bay and 1 no Bus transfer bay, (ii) 132 kv s/c Alipurduar Kamakhyaguri transmission line, (4) Midnapur-Vidyasagar-kharagpur trasmission line: (i) 132 kv D/C transmission line junction point of Midnapur-vidyasagr park & midnapur-kharagpur WBIDC to kharagpur WBIDC 132 kv s/s, (ii)2 nos kv (AIS) bay at kharagpur WBIDC 132/33 kv s/s.

DE & BOSE KOLKATA Chartered Accountants

(v) Term Loan from Punjab National Bank is secured by hypothecation of entire present and future fixed assets of Ramganga/Patharpratima 132/33 kV GIS within with 4 no 132 kV feeder bays, 2x31.5 MVA 132/33 kV Transformers, 8 no 33 kV feeder bays & 2 x 10 MVAR 33 kV Capacitor Bank,2no 132 kV Line Bay at Kakdwip 132/33KV Substation for proposed Ramganga 132/132KV GIS,2no 132 kV Line Bay at Laxmikantapur 220 KV Substation for proposed Ramganga 132/33KV GIS,132 kV D/C Transmission Line Lakshmikantapur 220 kV SS to proposed Ramganga 132 kV GIS, 133 kV D/C Transmission Line Kakdwip 132 kV SS to proposed Ramganga 132 kV GIS , 2 no 132/33 kV Transformer bay with 2 x 50 MVA 132/33 kV Transformer at Ongoing Sagardighi 220 kV GIS, Nilganj 132/33 kV GIS at the available space within Nilganj 33/11 kV Substation of WBSEDCL with 8 no 132 kV feeder bays, 2x50.0 MVA 132/33 kV Transformers & 12 no 33 kV feeder bays, Diversion of existing overhead 33 kV, 11 kV & LT line and conversion of the same to the UG Cable at the premises of M/S Keventer for construction of Nilganj 132 kV GIS, 132 kV M/C Line for D/C LILO of Jeerat - Mohishpota 132 kV D/C Line at proposed Nilganj 132 kV GIS ,132 kV M/C Line for D/C LILO of Dharampur - Titagarh 132 kV D/C (with HTLS Conductor) at Nilganj 132 kV, Panpur 132/33 kV GIS at the available space within Panpur 33/11 kV Substation of WBSEDCL with 4 no 132 kV feeder bays, 2 x 80 MVA 132/33 kV Transformers, 12 no 33 kV feeder bays & 2 x 10 MVAR 33 kV Capacito Bank, D/C LILO of Dharampur - Titagarh 132 kV D/C line (with HTLS Conductor) at proposed Panpur 132 kV GIS , Gaighata 132/33 kV GIS with 4 no 132 kV feeder bay, 2x50 MVA 132/33 kV Transformers, 12 no 33 kV feeder bay, D/C LILO of Jeerat – Ashokenagar 132 kV D/C Transmission Line at Gaighata , 220 kV D/C Transmission line to Tie up Satgachia - Jeerat 220 kV D/C line (Satgachia side) and Rishra - Dharampur 220 kV D/C line, 220 kV D/C Connectivity between Jeerat&Krishnanagar SS by utilizing part of Jeerat - Satgachia 220 kV D/C (Defunct) Line, 2 no 220 kV Bay at Krishnanagar 220 kV Substation for Jeerat 400 kV Substation, two nos. 220 kV GIS bay at Barasat 220 / 132 / 33 kV Sub-station, Up-gradation of part of existing Barasat - New Town AA-III 132 kV D/C line to 220 kV D/C line for establishment of Barasat - Rajarhat (PGCIL) 220 kV D/C connectivity, LILO of STPS - J. K. Nagar - Durgapur 220 kV S/C line at Asansole 220 kV Substation, D/C LILO of KTPP - Howrah 220 kV D/C line at proposed Food Park 220 kV GIS .

(vi) Term Loan from Punjab National Bank is secured by hypothecation of entire present and future fixed assets of Upgradation of Food Park 132/33 kv S/S to 220/33 kv S/s and ATS , Construction of 132/33 Gas Insulated S/s at Chapra and ATS , Construction of 220/132/33 kv Gas Insulated s/s at Falakata & ATS.

(b) Term Loan from HUDCO is secured by hypothecation of entire present and future fixed assets of the 132/33 kV substations at Khatra, Kalna, Lalgola and their associated transmission lines, 132 kV Line Bays at Birshingha, Chandrakona Road and 132 kV DC Transmission Line from Gokarno to Lalgola.

(c) Term Loans from PFCL are secured by hypothecation of various present and future movable assets of sub-stations and transmission lines for which loans have been granted.

(d) Term Loans from RECL are secured by hypothecation of all present and future movable assets of sub-stations and transmission lines for which loans have been granted.

(e) Term Loan from LIC is secured by hypothecation of all present and future movable assets of Kharagpur 400 KV Sub-Station and associated lines for which loan have been granted.

(f) Term Loans from NABARD are secured by hypothecation of present and proposed future assets of sub-stations and transmission lines for which loans have been granted.

Total	**53,958.60**	**54,364.23**

17.1 Commissioned Capital Assets financed by the customers, deemed to be transferred to the Company in terms of Regulations framed by the West Bengal Electricity Regulatory Commission are in the process of identification. Amount received against identified project has been recognized as revenue over the period of useful life of the project.

17.2 Other Current Liabilities include Consumer Contribution to Capital Assets which represent advances received from customers for construction of transmission assets. The mapping of such advances with the completion status of the related project is being carried out. Pending completion of such process in entirety , no adjustment has been given in the books. However the management is of the view that the consequential impact (if any) would not be material compared to the size and business volume of the company.

17.3 During the financial year 2023-24 the movement in Consumer Contribution to Capital Asset [note 17(a)] is given below:

Particulars	2023-24	2022-23
Opening Balance	50,049.88	46,265.30
Add:Contribution Received	5,169.02	11,370.21
Closing Balance	55,218.90	57,635.51
Less:Transfered on Completion of Asset & Supervision Charge thereon	858.10	3,588.28
Less:Other Adjustment	5,545.55	3,997.35
Closing Balance	48,815.25	50,049.88

17.4 During the financial year 2023-24, deposit asset worth ₹ 4768.35 lakhs (excluding overhead capitalisation) has been transferred to WBSEDCL against which only ₹ 1223.94 had been transferred from 'Consumer contribution to Capital Asset' Note 17(a) to 'Deffered Revenue' Note 13(2) . Hence an amount of ₹ 4199.76 lakhs is adjusted with 'Consumer contribution to Capital Asset' Note 17(a).

West Bengal State Electricity Transmission Company Limited
Notes to Financial Statements

Note 24:- Employee benefit plans

24.1. Defined benefits plans

The company sponsors funded defined benefit plans for qualifying employees of its companies. The defined benefit plan are administered by a separate fund that is legally separated from the entity. The board of the fund is composed of an equal number of representative from both employers and employees. The board of the fund is required by law and by its article of association to act in the interest of the fund and all the relevant stakeholders in the scheme, i.e. active employees , in active employees , retirees , employers . The board of the fund is responsible for the investment policy with regard to the assets of the Fund.

(a) Pension

Under the plans the employees are entitled to post -retirement yearly instalment which is based on the guidelines of DCRB-85 ,which is 50% of Basic salary for 28 years of pensionable service called as Basic Pension. This Basic Pension will attract Dearness Allowance admissible to all categories of employees of the Company at such rate and from such date as may be decided by the Company keeping in view of rates as would be admissible to the employees of the State Government and Central Government from time to time. Dearness relief in case of pensioners/family pensioners shall be from the same date and at the same rate at which D A is sanctioned to the employees of the Company There is provision for payment of disablement Pension, which will be as per same formula as superannuation pension but paid with immediate effect.

(b) Vested pension of DCRB Family Pensioners

On death in service Family Pension is paid at 50% of last pay subject to a minimum of ₹ 8650/- for 7 years or 67 years of age for employee,had he been alive whichever is earlier and 30% thereafter as long as alive and unmarried . On death after retirement Family Pension for 7 years or 67 years of age for Pensioners at 50% of last pay subject to a minimum of ₹ 8650/- and thereafter 30% of last pay will be paid as family pension.

(c) Gratuity

Employees irrespective to the monthly salary being Basic, D.A. and D.P are covered under the payment of Gratuity of Act 1972 and DCRB-85 Regulation as applicable . Gratuity is computed as half-months Salary, at exit, per year of Service, subject to payment of Maximum Gratuity as mentioned in payment of Gratuity Act and rules & regulations framed thereunder, where service is counted as nearest year.

These plans typically expose the company to actuarial risk such as investment risk , interest risk longevity risk and salary risk

Investment risk	The present value of the defined plan liability (denominated in Indian Rupee)is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds. Currently on discussion with the management it was noticed that the fund are invested in government securities ,corporate Bonds, Investment Funds. The same is as per the decision of trust board. Refer point (G).
Interest risk	A decrease in the bond interest rate will increase the plan liability; however this will be partially offset by an increase in the return on the plan's debt investments.
longevity risk	The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plans liability.
Salary risk	The present value of the defined benefit plan liability is calculated by reference to the future salaries of the plan participants. As such, an increase in the salary of the plan participants will increase the plans liability.

No other post retirement benefits are provided to these employees. In respect of the plans in India , the most recent actuarial valuation of the plan assets and the present value of the defined benefit obligation were carried out as at March 31, 2024,by Dr R Kannan Fellow of the Institute of Actuaries of India. The present value of the defined benefit obligation , and the related current service cost and past service cost , were measured using projected unit credit method.

24.2 (1)The principal assumption used for the purpose of the actuarial valuations were as follows:

₹ In Lakhs

(a) Gratuity-Own Employees	**Valuation as at Year ended March 31, 2024**	**Year ended March 31, 2023**
Discount rates	6.98%	7.26%
Expected return on plan asset	6.98%	7.26%
Expected increase in salary	6.00%	6.00%
Average expected future service (Remaining useful life)	22 years	22 years

Gratuity-DPL Employees	**Valuation as at Year ended March 31, 2024**	**Year ended March 31, 2023**
Discount rates	6.97%	7.18%
Expected return on plan asset	6.97%	7.18%
Expected increase in salary	5.00%	5.00%
Average expected future service (Remaining useful life)	11 years	11 years

(b) Pension -Own Employees		
Discount rates	6.97%	7.21%
Expected return on plan asset	6.97%	7.21%
Rate of Compensation	6.00%	6.00%
Average expected future service	13 years	14 years

(c)Leave Encashment-Own Employees		
Discount rates	6.97%	7.26%

Trust rceivable	-	-
Corporate Bonds	26,847.18	24,764.59
Other (Accrued Interest)	1,223.08	1,059.87
Current Liability	(64.19)	(115.08)
	62,005.15	**59,552.47**

24.3 Significant actuarial assumption for the determination of defined obligation are discount rate, expected salary increase and mortality. The sensitivity analysis below have been determined based on reasonable possible changes of the respective assumption occurring at the end of the reporting period.While holding all other assumption constant.

(A) Gratuity-Own Employees

(a) As at March 31, 2024 : If the discount rate is 50 basis point higher/(lower) the defined benefit obligation would decrease by **₹ 10256.19 lakhs** (Increase by **₹ 8855.49 lakhs**). As at March 31, 2023: decrease by **₹ 9119.84 lakhs** (Increase by **₹ 7925.09 lakhs**).

(b) As at March 31, 2024 : If the expected salary growth increases (decreases) by 0.5% the defined benefit obligation would Decrease by **₹ 9114.46 lakhs** (Increase **₹ 9882.40 lakhs**) , as at March 31, 2023: Decrease by **₹ 8108.62 lakhs (Increase ₹ 8842.47 lakhs)**.

(c) As at March 31, 2024 : Life expectancy increases/ decreases by 100 basis points year for both men and women , the defined benefit obligation would decrease by **₹ 9516.04 lakhs** (increase by **₹ 9525.56 lakhs**). As at March 31, 2023: decrease by **₹ 8485.27 lakhs (increase by ₹ 8499.96 lakhs).**

Gratuity-DPL Employees

(a) As at March 31, 2024 : If the discount rate is 50 basis point higher/(lower) the defined benefit obligation would decrease by **₹ 747.44 lakhs** (Increase by **₹ 697.90 lakhs**). As at March 31, 2023: decrease by **₹ 711.63 lakhs** (Increase by **₹ 663.84 lakhs**).

(b) As at March 31, 2024 : If the expected salary growth increases (decreases) by 0.5% the defined benefit obligation would Decrease by **₹ 699.17 lakhs** (Increase **₹ 744.43 lakhs**) , as at March 31, 2023: Decrease by **₹ 664.47 lakhs (Increase ₹ 710.17 lakhs)**.

(c) As at March 31, 2024 : Life expectancy increases/ decreases by 100 basis points year for both men and women , the defined benefit obligation would decrease by **₹ 721.76 lakhs** (increase by **₹ 722.07 lakhs**). As at March 31, 2023: decrease by **₹ 686.73 lakhs (increase by ₹ 687.28 lakhs).**

(B) Pension- Own Employees

(a) As at March 31, 2024 : If the discount rate is 50 basis point higher/(lower) the defined benefit obligation would decrease by **₹ 66089.14 lakhs** (Increase by **₹ 59704.72 lakhs**). As at March 31, 2023: decrease by **₹ 62407.60 lakhs (Increase by ₹ 56465.88 lakhs)**.

(b) As at March 31, 2024 : If the expected salary growth increases (decreases) by 0.5% the defined benefit obligation would decrease by **₹ 61025.55 lakhs** (increase **₹ 64217.76lakhs**). As at March 31, 2023: decrease by **₹ 57460.12 lakhs (increase ₹ 60922.17 lakhs)**.

(c) As at March 31, 2024 : Life expectancy increases/ decreases by 100 basis points year for both men and women , the defined benefit obligation would decrease by **₹ 62719.27 lakhs** (increase by **₹ 62834.78 lakhs**). As at March 31, 2023: decrease by **₹ 59268.86 lakhs (increase by ₹ 59375.64 lakhs).**

The sensitivity analysis presented above may not be representative of actual change in the defined benefit obligation as it is unlikely that the change in assumption would occur in isolation of one another as some of the assumptions may be correlated.

25.1 The company has established an appropriate liquidity risk management framework for managing the companies short term , medium term long term funding and liquidity management. The company manages the liquidity risk by maintaining adequate reserve , banking facility and reserve borrowing facility by continuously monitoring forecast and actual cash flows. And by matching the maturity profile of financial assets and liabilities.

Liquidity and interest risk tables The following table details the company's remaining maturity for its non derivative financial liabilities with agreed repayment periods.The table have been drawn up based on the un discounted cash of financial liabilities based on the earliest date on which the company can be required to pay. Includes both interest and principal cash flows.

In respect to interest payment:-

(₹ in Lakhs)

March 31, 2024	Weighted average effective interest rate	Less than 1 month	1- 3 months	3 months to 1 year	1 - 5years	5 years +	Total
Fixed interest rate instruments	8.55%	62.26	55.66	3,418.86	9,650.47	3,523.06	16,710.31
Variable interest rate instruments	8.79%	1,287.05	5,634.85	20,127.13	78,088.51	43,848.84	1,48,986.38
		1,349.31	5,690.51	23,545.99	87,738.98	47,371.90	1,65,696.69
March 31, 2023							
Fixed interest rate instruments	8.58%	124.69	67.52	3,881.64	11,392.82	5,317.24	20,783.91
Variable interest rate instruments	8.89%	866.51	5,616.45	18,969.19	72,203.71	40,447.57	1,38,103.43
		991.20	5,683.97	22,850.83	83,596.53	45,764.81	1,58,887.34

The table has been drawn up on the un discounted contractual maturities of the financial liability excluding interest that will be paid with principal. The inclusion is necessary in order to understand company's liquidity management as the liquidity is managed on a net asset and liability basis.

In respect to principal payment:-

	Weighted average effective interest rate	Less than 1 month	1- 3 months	3 months to 1 year	1 - 5years	5 years +	Total
March 31, 2024							
Fixed interest rate instruments	8.55%	615.61	139.53	5,326.58	19,079.02	16,580.47	41,741.21
Variable interest rate instruments	8.79%	1,693.01	3,099.72	26,388.10	1,36,432.17	1,50,385.70	3,17,998.70
		2,308.62	3,239.25	31,714.68	1,55,511.19	1,66,966.17	3,59,739.91
March 31, 2023							
Fixed interest rate instruments	8.58%	615.61	139.53	5,326.58	20,633.21	21,108.00	47,822.93
Variable interest rate instruments	8.89%	1,694.03	1,747.56	26,618.09	1,32,543.53	1,30,123.25	2,92,726.46
		2,309.64	1,887.09	31,944.67	1,53,176.74	1,51,231.25	3,40,549.39

The amount included above for variable interest rate instruments for both non derivative financial assets and liabilities is subject to change if changes in the variable interest rate differ to those estimates of interest rate determined at the end of the reporting period.

(₹ in Lakhs)

Financing facilities:-	As at March 31, 2024	As at March 31, 2023
25.2 Secured Bank & Financial Institution facility **		
Total Sanctioned limit	1,09,841.00	1,31,703.00
Amount used	76,284.00	88,027.00
Amount unused	33,557.00	43,676.00

** **(The stated amount relates to loan facilities for which further loan can be drawn in future)**

25.3 Interest rate sensitivity analysis The sensitivity analysis below have been determined based on exposure to interest rate on floating rate facilities. For floating rate liabilities, the analysis is prepared assuming the amount of the liability outstanding at the end of the reporting period was outstanding for the whole year. A 50 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management assessments of the reasonably possible change in interest rates. If interest rates had been 50 basis points higher/lower and all other variables were held constant, the company's profit for the year ended March 31, 2024 would increase/(decrease) by Rs 1589.99 Lakhs /(Rs 1589.99 Lakhs) (for the year ended March 31, 2023 would increase/(decrease) by Rs 1463.63 Lakhs /(Rs 1463.63 Lakhs) This mainly attributable to the company's exposure to interest rates on its variable rate borrowings.

26.1 Risk Management framework

The Company has constituted a Risk Management Committee with whole time Directors and further has appointed the Company Secretary in the capacity Chief Risk Officer (CRO). The CRO and the Risk Management Committee constantly monitor the risk associated with the Company and also conveys meeting with all Head of the Departments (HoD) of the Company for reviewing the risk from time to time. Presently, the Risk Management Policy of the Company is under consideration for amendment.

Following are the Broad views of the Risk Management Policy of the Company:

Improve financial risk awareness and risk transparency.

Identify, control and monitor key risks.

Identify risk accumulations.

Provide management with reliable information on the Company's risk situation.

Improve financial returns.

26.2 TREASURY RISK

The Company's treasury function co-ordinates access to domestic operation by augmenting financial resources from various financial institutions as well as managing the available fund judiciously ensuring optimum utilisation of available funds through effective cash management. Borrowing from banks/financial institutions is one of the major sources of funding the working capital requirement of the Company; therefore, change in the interest rate may impact the cash inflow and outflow. Considering that there is a cap on the amount allowed by the Regulator (WBERC) for Working Capital requirement of the Company, any change in the interest rate may impact the profitability of the Company. Treasury function also deals with investment of available funds of the Company in suitable instruments in order to ensure that the funds do not remain idle and to earn additional income out of such funds. Hence, it would be prudent to mention that any fluctuation in the interest rate / coupon rate of such interest may impact the additional generation of revenue to certain extent. As of now, the debt equity ratio is 0.48:1 against normative debt equity ratio of 2.33:1 .

26.3 REGULATORY RISK

The Company is into the business of transmission of electricity across the length and breadth of West Bengal. Therefore, in accordance with provision of the Electricity Act, 2003 the tariff (Price for selling electricity) is determined by the Hon'ble West Bengal Electricity Regulatory Commission (WBERC), which is the main source of revenue. Hence, any changes in the tariff policies by the WBERC may impact the cash flow and revenue generation of the Company.

26.4 OPERATIONAL RISK

The Company is also facing challenges related to right-of-way (ROW) and land availability for expanding its network. The situation is more acute in the State due to the high population density and fertile nature of most of the land in the State, due to which the percentage of population dependant on agriculture is comparatively high ,leading to greater reluctance to provide land for establishment of electricity infrastructure, which results in delayed completion of the Projects. This delay if disallowed by the Hon'ble WBERC opens the risk of loss of revenue on account of depreciation on completed assets and interest during capitalisation to certain extent.

26.5 CREDIT RISK

As India's financial markets become more dynamic and the economy continues to evolve and diversify with the passage of time, investors also need to evolve the way they assess credit risk.

The Company being a Capital intensive one relies on the borrowed funds to the extent permissible under the regulations of the Hon'ble West Bengal Electricity Regulatory Commission for funding of its projects besides the internal accruals of the Company. The permissible debt equity ratio for a project is 70:30. As of now, the debt equity ratio is 0.48:1 against normative debt equity ratio of 2.33:1. The Company can utilise this leverage for borrowing additional funds from the market if they are available at cheaper rate. Therefore any fluctuation in the interest rate / coupon rate of such instruments of borrowings may impact the scenario.

Ratings from credit rating organizations are a traditional measure of credit risk and a valuable source of information. Credit risk assessment typically involves looking at the financial ratios of the company as well as consultation with management teams.

The ratings process is designed to be a long-term credit view, based on a deliberate consultative approach. The problem for investors is that credit risk can change rapidly while traditional ratings can be slow to reflect real-time dynamics.

The DISCOMs (Consumers) plays a pivotal role in the business of supply of electricity. Hence, any change in the financial health of the DISCOMs both in West Bengal and various other States may impact the revenue position of the Company.

26.6 The section gives an overview of the significance of financial instruments for the Company and provides additional information on the balance sheet. Details of significant accounting policies, including the criteria for recognition, the basis of measurement and the basis on which income and expense are recognised in respect of each financial class of financial asset , financial liability and equity instrument

The Fair value of the financial assets and liabilities are included at the amount that would be received to sell an asset and paid to transfer a liability in an orderly transaction between market participants. The following methods and assumptions were used to estimate the fair value.

Non Current fixed and variable Borrowings :-Fair value has been determined by the Company based on parameters such as interest rate , specific country risk factor , for all non current fixed and variable rate borrowings carrying amount approximates the fair value

Trade receivable cash and cash equivalent ,other bank balances , other current financial assets ,trade payable. approximate their carrying amount largely due to short term maturities of these instruments

27 Related Party Disclosure

29 Contingent liabilities

	March 31,2024	(₹ in lakhs) March 31,2023
(a) Claims against the company not acknowledged as debt		
(i) State of West Bengal vs. Md. Jamaluddin & Ors. - FAT No. 343 to 356 of 2003	18	18

The matter relates to land acquisition for construction of Purba Ichapur 132 kV sub-station (land ad measuring 2.46 acre) at Barasat. The land losers were not satisfied with the amount of compensation fixed by the Collector and they obtained a favourable order from the District Court at Barasat for higher valuation. The State Govt. filed an appeal in the Hon'ble High Court against the order of the District Court and the Hon'ble High Court passed an Order dated 15.02.2005 directing the Collector to deposit 50% of the total decretal dues with the Registrar of the Hon'ble High Court.

To comply with this order the L&LR Department requested the WBSEB to place the fund of Rs.18 Lakh being 50% of decretal dues at the disposal of Collector, 24 Parganas(North). The Company deposited Rs.18 Lakh being 50% of the decretal dues. The balance amount of Rs.18 Lakh is considered as contingent liability till final decision.

(ii) Shaw Bros & Anr Vs. WBSEB & Ors. - C.O. No. 19044 of 1996, FA No. 186 of 2009. 4.71 4.71

An order was placed on M/s. Shaw Bros for spreading of gravels at 400 kV Switchyard of Jeerat 400 kV sub-station. After several disagreements, the party left without executing the contract. The party filed a Money Suit in the 2nd Court of District Judge, Barasat, for work done, damage and interest for a value of Rs 4.71 Lakh. The suit was dismissed by the Ld. Court and the party again moved the Hon'ble High Court appealing against the order.

(iii) WBSETCL-VS-State of West Bengal & Ors W.P No: 20219 of 2021

The matter is related to payment of Rs 2.50 Crore as decreetal dues for construction of Mohispota 132/33 kV Sub-station. The original compensation was awarded by Collector, North 24 Parganas to the Landowners on 2003. The Landlosers moved a petition before the LA Judge, Barasat, North 24 Parganas for enhancement of the land value. However, WBSEB/WBSETCL was not made a party in the said case and the Ld. Judge made a decree of Rs 2.50 Crore-although the State of West Bengal made an appeal against the Order WBSETCL was also not made a party in the said appeal although WBSETCL is the Requiring Body. Thus, when WBSETCL received the demand raised by LA Collector, the company filed a Writ Petition for setting aside the earlier Order. The matter came up for hearing during April 2022 and the Hon'ble Court has directed that the said Writ Petitions are to be treated as Appeal filed by the State of West Bengal before the Appeal Court.The demand of Rs 2.50 Crore since being challenged by WBSETCL may be treated as Contingent Liability for the FY 2023-24. 250 250

KOLKATA Chartered Accountants

(iv) In the matter of Adjudication between Promax Power Ltd. -Vs- West Bengal State Electricity Transmission Company Ltd.

The WBSETCL issued a notice inviting tender for the works being "CONSTRUCTION OF (I) 02 NOS. 33KV FEEDER BAY AT SERAKOL 132 KV SUB STATION, (II) 01 NO. 33KV FEEDER BAY AT LAXMIKANTAPUR 220 KV SUB STATION WITH EXTENSION OF TRANSFORMER BUS, (III) 01 NO. 33KV FEEDER BAY AT KAKDWIP 132 KV SUB STATION & (IV) 03 NOS. 33 KV FEEDER BAY AT FALTA 132 KV SUB STATION AND ALLIED WORK ON TURN KEY BASIS." on January14,2020.

Letter of award of the contract for the supply and creation was issued by WBSETCL in favour of the M/s. Promax Power on September 22, 2020 which led to the contract being entered into by and between WBSETCL and the contractor on October 8, 2020.

It is pertinent to state that the contactor, in terms of the agreement between the parties, was required to issue a contract bank guarantee within 90 days from the LoA and the contractor has failed to submit such unconditional bank guarantee as performance security and the said act of the contractor is dehors Clause 8 of the supply and erection LoA. In terms of the clauses as stipulated in the supply and erection LoA, retention amount could be repaid to the parties after successful completion of the work, but it is an admitted position that the contractor failed to complete the work. The WBSETCL could have terminated the contract at the very outset for failure of the contractor in adhering to the contractual terms of submitting contract performance guarantee in favour of the WBSETCL but it permitted the contractor to continue with the work conceding the WBSETCL to deduct the concomitant sum of money from the bills raised by the contractor and setting them aside to match up the amount of performance bank guarantee. 199.92 0.00

The contractor prayed for an extension of time to complete the work on April 29, 2021 and such extension was granted by the WBSETCL. However, the progress of the work was inadequate and it became abundantly clear that the contractor would not be in a position to complete the work which compelled the WBSETCL to issue 14 days' notice on the contractor on November 28,2022. The contractor could not adhere to the terms of the letter and could not conclude the work which compelled the WBSETCL to terminate the contract for the work in issue by a letter dated February 23,2023. Initially , the Contractor disputed the said deduction from his bills and termination before the Project Manager, WBSETCL-which subsequently failed and the matter was referred to Adjudicator on mutual consultation between both the parties.

Various submissions have been made in the said statement of claim to claim a sum of Rs. 1,99,92,186/- on account of money held against bank guarantee, retention money, refund of liquidated damages, charges against hiring of manpower, loss of profit from unexecuted work, damages and loss of business opportunity and interest thereon. The demand of Rs 1.99 Crore since being challenged by WBSETCL may be treated as Contingent Liability for the FY 2023-24.

(v) DFR No.670 of 2023 In the Appellate Tribunal for Electricity West Bengal State Electricity Transmission Co. Ltd -Vs- Central Electricity Regulatory Commission (CERC)

This is an Appeal filed by WBSETCL before the Hon'ble APTEL against the order passed by Hon'ble CERC in Petition No: 254/TT/2021 which was filed by PGCIL for Approval under Regulation 86 of Central Electricity Regulatory Commission (Conduct of Business) Regulations, 1999 for truing up of transmission tariff of 2014-19 period under Central Electricity Regulatory Commission (Terms and Conditions of Tariff) Regulations, 2014 and determination of transmission tariff of 2019-24 period under Central Electricity Regulatory Commission (Terms and Conditions of Tariff) Regulations, 2019 of 02 Nos. of 220 kV equipped line bays at 400 kV Subhasgram Sub-station.

Vide Order dated 26.09.2022, the CERC has decided that the transmission charges from 27.4.2015 till the COD of the downstream transmission system shall be borne by WBSETCL which is coming to approximately 18.12 Crores. It is the case of the Petitioner that WBSETCL has been shifting the completion schedule of the associated line of 220 kV D/C Subhasgram (PG)-Sirakol/ Baruipur and due to no fault of it , PGCIL is being penalized due to non-completion of a line which is beyond its control and which was the responsibility of WBSETCL. WBSETCL did not get opportunity to represent its case properly before Hon'ble CERC and hence it was decided against WBSETCL WBSETCL on receipt of the Demand from PGCIL consulted Shri Buddy Ranganadhan, Sr. Lawyer, APTEL/CERC and he was of the opinion since the occurrence is related to 2014-19 Regulations, WBSETCL has good chance to succeed if the Order is challenged before the Hon'ble APTEL.An appeal has been filed before the Hon'ble APTEL and the Hon'ble APTEL has allowed the Application with a payment of cost of Rs 5,00,000/- -the said amount is being paid and the Appeal is now pendinf for adjudication. The amount of Rs 18.12 Crores may be disclosed as Contingent Liability for FY 2023-24. 1812.00 0.00

(vi) DFR No.72 of 2024 In the Appellate Tribunal for Electricity West Bengal State Electricity Transmission Co. Ltd -Vs- Central Electricity Regulatory Commission (CERC)

This is an Appeal filed by WBSETCL before the Hon'ble APTEL against the order passed by Hon'ble CERC in Petition No: 193/TT/2019 which was filed by the PGCIL for approval under Regulation 86 of the Central Electricity Regulatory Commission (Conduct of Business) Regulations, 1999 and the Central Electricity Regulatory Commission (Terms and Conditions of Tariff) Regulations, 2014 for determination of transmission tariff from COD to 31.3.2019 in respect of Asset-I: 400 kV D/C Alipurduar - Punatsangchun Transmission Line along with associated bays at Alipurduar Sub-station and Asset-II: 02 number of 220 kV bays at Alipurduar Substation. Vide Order dated 28.02.2022, the Hon'ble CERC has directed WBSETCL to pay the transmission charges of approximately 73.25 Lakhs from the period of COD of Asset-II i.e. 1.3.2018 till 5.6.2018 due to the non-commissioning of the downstream system which was under the scope of WBSETCL. 73.25 0.00

WBSETCL did not get opportunity to represent its case properly before Hon'ble CERC and hence it was decided against WBSETCL. WBSETCL on receipt of the Demand from PGCIL consulted Shri Buddy Ranganadhan, Sr. Lawyer, APTEL/CERC and he was of the opinion since the occurrence is related to 2014-19 Regulations, WBSETCL has good chance to succeed if the Order is challenged before the Hon'ble APTEL.An appeal has been filed before the Hon'ble APTEL and the Hon'ble APTEL has allowed the Application with a payment of cost of Rs 7,50,000/- -the said amount has been paid and the Appeal is now pending for adjudication. The amount of Rs 73.25 Lakh may be disclosed as Contingent Liability for FY 2023-24.

(vii) In the matter of Arbitration Case No. 2 of 2021 M/s. SPML Infra Project Ltd.....Claimant And WBSETCL.....Respondent

WBSETCL placed the Letter of Award on 24.05.2018 in favour of M/s. SPML Infra Project Ltd for construction of 220 kV GIS Sub-station at Mongalpur, Dist-Burdwan for mitigating low voltage problem and to supply adequate, reliable and quality power in and around Lachipur & Mongalpur Area. The total LOA Cost (Supply & Erection) comes to around Rs 28,44,99,707/- and the completion schedule was 20 months from date of placement of LOA. Accordingly, the scheduled date of completion has expired on 23.01.2020.

Several opportunities were given and time extension was also granted to M/s. SPML but the vendor was absolutely reluctant to complete the job within time. Thus, basis of his poor performance WBSETCL issued a 15 days "Notice of Default" on 16.09.2020 as a last opportunity-but the vendor failed and accordingly the contract was terminated on December, 2020. Towards, settlement of disputes, M/s. SPML appointed one Arbitrator as per GCC Clause. No.6 and accordingly one Arbitrator was appointed on behalf of WBSETCL-a Joint Arbitrator was appointed by both the Arbitrators and the constitution of Hon'ble Arbitral Tribunal was done. The Claim filed by the Contractor M/s. SPML is Rs 8,82,29,756/- . Against the claim filed by M/s. SPML, WBSETCL has filed a Counter Claim of Rs 10,02, 13,223/-. The Arbitration Procedure is still going on-the claim of Rs 8,82,29,756/- may be disclosed as Contingent Liability for the FY 2023-24. The Counter Claim as raised by the Company may be treated as Contingent Asset for FY 2023-24. 882.30 0.00

Background	
Corporate information	West Bengal State Electricity Transmission Company Limited ("WBSTECL" / "the Company") is a public limited company incorporated under the Companies Act, 1956. The Company is a Government Company within the meaning of Section 2(45) of the Companies Act, 2013 and the entire paid-up Share Capital is held by the Government of West Bengal and its nominees. It is a multi-sited Power Transmission Company in Eastern India and the Company operates and maintains a transmission network of Extra High Voltage Transmission lines along with sub-stations with capacity of 400 kV to 66 kV situated across the state of West Bengal and also defined as deemed State Transmission Utility under Electricity Act, 2003. These financial statements were approved and adopted by Board of Directors of the Company in their meeting dated 29th May, 2023.
Significant Accounting Policies	
Basis of preparation	These financial statements have been prepared in accordance with Indian Accounting Standards (referred to as "Ind AS") as per the Companies (Indian Accounting Standards) Rules, 2015, notified under Section 133 of the Companies Act, 2013 ("the Act") and other relevant provisions of the Act, the Regulations issued from time to time by West Bengal Electricity Regulatory Commission (WBERC under the Electricity Act, 2003 (Tariff Regulations). The financial statements have been prepared on historical cost basis, except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below. All assets and liabilities have been classified as current or non-current as per Company's operating cycle and other criteria set out in Ind AS 1 – Presentation of Financial Statements and Schedule-III of the Companies Act, 2013. Based on the nature of business, the Company has ascertained its operating cycle as 12 months for the purpose of current or noncurrent classification of assets and liabilities. The financial statements are presented in Indian Rupees (₹), which is the Company's functional and presentation currency and all the amounts are rounded off to nearest lakhs (₹ 00,000) and two decimals thereof, except as stated otherwise.
Use of estimates	The preparation of the financial statements in conformity with IND AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Differences between the actual results and estimates are recognized in the year in which the results are known / materialized and, if material, their effects are disclosed in the notes to the financial statements.

	Key source of estimation of uncertainty at the date of the financial statements, which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year, is in respect of, impairment of financial instruments, valuation of deferred tax assets, regulatory deferral accounts and provisions and contingent liabilities.
Property, Plant and Equipment	Property, plant and equipment are stated at historical cost comprising of purchase/work contract cost incurred, pre-operational expenses like interest on borrowings, other financing cost during the period of construction and other attributable cost of bringing the assets to its working condition. Assets received from customers or assets constructed on receipt of amounts from the customers are deemed to be transferred to the Company in terms of Regulations framed by the West Bengal Electricity Regulatory Commission (WBREC) and recognized as property, plant and equipment post commissioning. In the case of commissioned assets, deposit work / cost plus contracts where final settlement of bills with contractors is yet to be effected; capitalization is done on provisional basis subject to necessary adjustment in the year of final settlement. Insurance spares/Capital Spares, which can be used only in connection with an item of fixed asset and whose use is expected to be irregular are capitalized in the year of acquisition. **Capital work-in-progress** Costs and expenses incurred relating to the projects under implementation are disclosed under Capital Work-in- Progress. The employee costs and administrative costs of the Company are allocated to CWIP based on Board of Directors' approved ratio of the expenses incurred by the various Accounting Units and Project Headquarters. **Depreciation** Depreciation is provided on straight line method at the rates and norms specified in the Regulations notified by the WBERC, a Statutory Authority constituted under the Electricity Act, 2003, as provided in the Tariff Policy issued by the Ministry of Power which are applicable for the purposes of tariff as well as accounting. No depreciation is charged on freehold land as well as no amortization of the Land acquired on perpetual lease is made since the same does not have a limited useful life. **De-recognition of assets** An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in Statement of Profit and Loss.
Impairment	At the end of each reporting period, the Company reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not

S. BOSE KOLKATA Chartered Accountants

	possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified. If such recoverable amount of the asset or the recoverable amount of the cash-generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the statement of profit and loss. When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.
Regulatory asset or Regulatory liability	A regulatory asset is recognized when it is probable that the future economic benefits associated with it will flow to the entity as a result of the actual actions of the regulator under the West Bengal Electricity Regulatory Commission (WBERC) Tariff Regulation and the amount can be measured reliably. A regulatory liability is recognized: • when an entity has a present obligation as a result of a past event; • it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation; and • reliable estimate can be made of the amount of the obligation A regulatory asset and regulatory liability is presented as current/non-current, as the case may be, in the balance sheet, separately from other assets and liabilities. On initial recognition and at the end of each subsequent reporting period, the Company measures a regulatory asset or regulatory liability at the best estimate of the amount expected to be recovered or refunded or adjusted as future cash flows under the regulatory framework. A regulatory asset or regulatory liability is not discounted to its present value. **Impairment of Regulatory Asset** The Company reviews the estimates of the amount expected to be recovered, refunded or adjusted at the end of each reporting period to reflect the current best estimate. If expectation differs from previous estimates, the changes are accounted for as a change in an accounting estimate in accordance with Ind AS 8. If it is concluded that it is not reasonable to assume that it will be able to collect sufficient revenues from its customers to recover its costs, this is an indication that the cash generating unit in which the regulatory assets and regulatory liabilities are included may be impaired and the Company test that cash generating unit for impairment in accordance with Ind AS 36 Impairment of Assets.

	De-recognition If it is no longer probable that the future economic benefits associated with a regulatory asset will flow to the Company or an outflow of resources embodying economic benefits will be required to settle a regulatory liability, the regulatory asset or liability, as the case may be, is de-recognized and any resulting loss/gain is recognized in the statement of profit and loss.
Provisions and contingencies	A provision is recognized when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made based on technical valuation and past experience. No provision is recognized for liabilities whose future outcome cannot be ascertained with reasonable certainty. If the effect of the time value of money is material, provisions are discounted using a pre-tax rate that reflects current market assessments of the time value of money in that jurisdiction and the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a borrowing cost. Contingent liabilities are not recognized but disclosed unless the possibility of outflow of resources is remote. These are reviewed at each balance sheet date and adjusted to reflect the current management estimate. Contingent assets are generally not recognized but are disclosed when inflow of economic benefit is probable.
Leases	The Company presently only have Land Assets under Lease. The Assets are depreciated at the rates and norms specified in the Regulations notified by the WBERC, a Statutory Authority constituted under the Electricity Act, 2003, as provided in the Tariff Policy issued by the Ministry of Power which are applicable for the purposes of tariff as well as accounting and therefore, IndAS 116 is not applicable. The period of Lease or period remaining unexpired on the assignment of Lease or at the date of clearing the site as the case may be is treated as Useful Life for such Assets.
Government Grants	Grants and subsidies from government are recognized at fair value provided there is reasonable assurance that the grant/subsidy will be received and all attached conditions will be complied with. Government grants relating to income are recognized in Statement of Profit and Loss on a systematic basis over the periods in which the Company recognizes as expenses the related costs for which the grants are intended to compensate. Government grants whose primary condition is that the Company should purchase, construct or otherwise acquire non-current assets are recognized as deferred revenue in the balance sheet and transferred to Statement of Profit and Loss on a systematic and rational basis over the useful lives of the related assets.
Inventories	Inventory mainly comprises of Stores and Spares.

	Inventories, other than scrap, are valued at lower of the cost on weighted average basis or its net realizable value. Scrap is valued at the lower of cost or net realizable value.
Trade receivable	Trade receivables are amounts due from customers for goods sold or services performed in the ordinary course of business. If collection is expected to be collected within a period of 12 months or less from the reporting date, they are classified as current assets otherwise as non-current assets. Trade receivables are measured at their transaction price, unless it contains a significant financing component in accordance with Ind AS 18 or pricing adjustments embedded in the contract. The Company measures the loss allowance for a trade receivable at an amount equal to the lifetime expected credit losses.
Financial Instruments	Financial assets and liabilities are recognized when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction cost that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liabilities. **Financial Assets** All recognized financial assets are measured in their entirety at either amortised cost or at fair value, depending upon the classification of the financial assets. **(i) Cash or Cash equivalents:** The Company considers all short-term bank deposits (original maturity of less than 3 months), which are readily convertible in to known amounts of cash that are subject to an insignificant risk of change in value, to be cash equivalents. Cash and cash equivalents consists of balances with banks which are unrestricted for withdrawal and usage. **(ii) Financial assets at amortized cost:** Financial assets are subsequently measured at amortized costs if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. **(iii) Financial assets at Fair value through Other Comprehensive Income (OCI)** Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and contractual term of the

DE & BOSE KOLKATA Chartered Accountants

financial assets give rise on specified days to cash flows that are solely payment of principals and the interest on principal amount outstanding.

(iv) Financial assets at Fair value through Profit or loss

Financial assets are measured at fair value through profit or loss unless it is measured at amortized cost or at fair value through other comprehensive item on initial recognition. The transaction cost directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognized in the statement of profit or loss.

Financial liabilities and equity instruments issued by the Company

(i) Financial liabilities

Trade and other payables are initially measured at fair value, net of transaction costs, and are subsequently measured at amortized cost, using the effective interest rate method.
Other financial liabilities are measured at amortized cost using the effective interest method.

(ii) Equity Instruments:

An equity instrument is a contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments issued by the Company are recognized at the proceeds received, net of direct issue costs.

Amortised Cost using effective interest method

The effective interest method is a method of calculating the amortized cost of a financial asset or financial liability and of allocating interest income / expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts / payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial asset / financial liability, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income and expenses are recognized on an effective interest basis for financial assets other than those financial assets classified as at FVTPL and the financial liabilities respectively. Interest income and expenses are recognized in the Statement of Profit and Loss and is included in the "Other income" and "Finance Cost" line item respectively.

Derecognition of financial assets

The Company derecognizes a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all

DE & BOSE KOLKATA Chartered Accountants

	the risks and rewards of ownership of the asset to another entity **Impairment of financial assets** At each reporting date, the Company assess whether the credit risk on a financial instrument has increased significantly since initial recognition. If, at the reporting date, the credit risk on a financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. If, the credit risk on that financial instrument has increased significantly since initial recognition, the Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date is recognized as an impairment gain or loss in the statement of profit and loss. **Derecognition of financial liability** The Company derecognizes financial liabilities when, and only when, the Company's obligations are discharged, cancelled or they expire. **Offsetting financial instruments** Financial assets and liabilities of the Company are offset and the net amount reported in the balance sheet, when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business.
Borrowing cost	Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. The Company considers a period of twelve months or more as a substantial period of time. The borrowed funds are earmarked to specified projects under implementation and the borrowing costs thereof are allocated to Capital Work in Progress ('CWIP'). In cases where the borrowed funds are not earmarked separately for specific projects, the borrowing costs thereof are allocated/apportioned to CWIP based on sanctioned project cost of the projects. In case of projects which have been completed and commissioned during the year, the borrowing costs thereof till the date of commissioning are allocated to fixed assets. The borrowing cost for completed projects is charged to revenue. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.

DE & BOSE KOLKATA Chartered Accountants

	All other borrowing costs are recognized in profit or loss in the period in which they are incurred.
Employee Benefits	Employee benefits consist of salaries and wages, performance pay, leave travel allowances, provident fund, employee state insurance, pension, gratuity, compensated absences and other terminal benefits. **a) Short term and other long-term employee benefits** A liability is recognized for benefits accruing to employees in respect of wages and salaries, annual leave and medical leave (which is not accumulated for more than a period of 12 months) in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service. Liabilities recognized in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service. Liabilities recognized in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by employees up to the reporting date. Cost of providing benefits in respect of long-term compensated absences is determined using project unit credit method, with actuarial valuations carried out at each annual reporting period. Past service cost is recognized in profit or loss in the period of a plan amendment. Interest on the obligation is calculated by applying the discount rate at the beginning of the period to the obligation. Costs of long-term compensated absences are categorized as follows: • service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements); • interest obligations; and • re-measurement The Company presents all the components of long-term compensated absences costs in profit or loss in the line item 'Employee benefits expense'. Curtailment gains and losses are accounted for as past service costs. **b) Retirement Benefit costs** **Defined Contribution Plans** Payments to defined contribution retirement benefit plans are recognized as an expense when employees have rendered services entitling them to contributions. **Defined Benefits Plans** For defined benefit retirement benefit plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected immediately in the balance sheet with a charge or credit recognized in other comprehensive income in the period in which they occur. Remeasurement recognized in other comprehensive income is reflected immediately in

DE & BOSE KOLKATA Chartered Accountants

	retained earnings and is not reclassified to profit or loss. Past service cost is recognized in profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset. Defined benefit costs are categorized as follows: • service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements); • net interest expense or income; and • re-measurement The Company presents the first two components of defined benefit costs in profit or loss in the line item 'Employee benefits expense'. Curtailment gains and losses are accounted for as past service costs. The retirement benefit obligation recognized in the balance sheet represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.
Income Taxes	Income tax expense represents the sum of the tax currently payable. **Current tax** The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period. **Current tax for the year** Current tax are recognized in profit or loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current tax are also recognized in other comprehensive income or directly in equity respectively. **Deferred taxes** Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be

DE & BOSE KOLKATA Chartered Accountants

	available to allow all or part of the asset to be recovered. Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.
Revenue recognition and Other income	a) Revenue from Transmission of Power is recognized on an accrual basis and includes unbilled revenues accrued upto the end of the accounting year. Revenue from transmission of power is accounted for based on the last tariff rates approved by the West Bengal Electricity Regulatory Commission (WBERC). b) The Company determines surplus/deficit (i.e. excess/shortfall of/in aggregate gain over Return on Equity entitlement) for the year in respect of its regulated operations (i.e. Transmission) based on the principles laid down under the relevant Tariff Regulations/Tariff Orders as notified by respective State Regulatory Commissions. In respect of such surplus/deficit, appropriate adjustments as stipulated under the regulations are made during the year. Further, any adjustment that may arise on annual performance review by respective Regulatory Commissions under the aforesaid Tariff Regulations/Tariff Orders is made after the completion of such review. c) Advance against depreciation allowed by WBERC as a component of the Aggregate Revenue Requirement of the Company is recognized as revenue for that year. d) Revenue is measured at the fair value of the consideration received or receivable. Revenues are reduced for rebates and other similar allowances. e) Income from short term open access is accounted for on the basis of regulations notified by West Bengal Electricity Regulatory Commission (WBERC). f) Receipts for delayed payments surcharge and liquidated damage are accounted for when it is ascertained and the collection of the amount is confirmed. g) Assets received from customers advances received for construction of property, plant and equipment are capitalized after commissioning with matching credit to Deferred Revenue. This deferred revenue is recognized as revenue on a systematic and rational basis over the useful lives of the related assets. **<u>Other Income</u>** a) Supervision charges received for diversion/relocation of existing assets and/or against deposit work to be undertaken by the customer is treated as Advance against Supervision Charges and shown under Other Current Liabilities till the related work is completed. On completion of the works, the Supervision Charges received there against is treated as "Other Income "in the year in which the related work is completed. b) Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time proportion basis, by reference to the principal

DE & BOSE KOLKATA Chartered Accountants

	outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.
Provisions, Contingent Liabilities and Contingent Assets	**Provisions** A provision is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation The amount recognized as a provision is the best estimate of the expenditure required to settle the present obligation at the balance sheet date, taking into account the risks and uncertainties surrounding the obligation. **Contingent liabilities and contingent assets** A contingent liability is a possible obligation that arises from a past event, with the resolution of the contingency dependent on uncertain future events, or a present obligation where no outflow is possible. Major contingent liabilities are disclosed in the financial statements unless the possibility of an outflow of economic resources is remote. Contingent assets are not recognised in the financial statements but disclosed, where an inflow of economic benefit is probable.
Earnings per Share	Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.
Standards issued but not yet effective	The amendments are proposed to be effective for reporting periods beginning on or after 1 April 2020. **A. Issue of Ind AS 117 – Insurance Contracts** Ind AS 117 supersedes Ind AS 104 Insurance contracts. It establishes the principles for the recognition, measurement, presentation and disclosure of insurance contracts within the scope of the standard. Under the Ind AS 117 model, insurance contract liabilities will be calculated as the present value of future insurance cash flows with a provision for risk. Application of this standard is not expected to have any significant impact on the Company's financial statements. **B. Amendments to existing Standards:** Ministry of Corporate Affairs has carried out amendments of the following accounting standards: 1. Ind AS 103 – Business Combination 2. Ind AS 1, Presentation of Financial Statements and Ind AS 8, Accounting Policies, Changes in Accounting Estimates and Errors 3. Ind AS 40 – Investment Property The Company is in the process of evaluating the impact of the new amendments issued but not yet effective.

DE & BOSE KOLKATA Chartered Accountants

3. Critical accounting judgments and key sources of estimation uncertainty	
	In the application of the Company's accounting policies, which are described in Note-2, the management of the Company is required to make judgments, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised. **Critical judgments in applying accounting policies:** The following are the critical judgments, apart from those involving estimations (see point ii below), that the management have made in the process of applying the Company's accounting policies and that have the most significant effect on the amounts recognized in the financial statements **i. Financial assets at amortized cost** The management has reviewed the Company's financial assets at amortized cost in the light of its business model and has confirmed the Company's positive intention and ability to hold these financial assets to collect contractual cash flows. **ii. Key sources of estimation uncertainty:** The following are the key assumptions concerning the future, and other key sources of estimation of uncertainty at the end of the reporting period that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year **a. Provisions** Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date adjusted to reflect the current best estimates. **b. Contingent liabilities** Contingent liabilities arising from past events the existence of which would be confirmed only on occurrence or non-occurrence of one or more future uncertain events not wholly within the control of the Company or contingent liabilities where there is a present obligation but it is not probable that economic benefits would be

	required to settle the obligations are disclosed in the financial statements unless the possibility of any outflow in settlement is remote. **c. Fair value measurements and valuation processes:** For financial reporting purposes, fair value measurements are categorized into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows: • Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company can access at the measurement date; • Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and • Level 3 inputs are unobservable inputs for the asset or liability.
