REPORT ON LIMITED REVIEW OF INTERIM FINANCIAL INFORMATION FOR THE NINE MONTH ENDED 31ST. DECEMBER, 2024.

To

The Board of Directors,

West Bengal State Electricity Transmission Company Ltd. (WBSETCL)

We have reviewed the accompanying Balance Sheet of WBSETCL as of 31st December, 2024, the related statement of Profit & Loss (including other comprehensive income),the statement of Cash Flow for the nine month then ended and other explanatory notes thereon (hereinafter called "interim financial information").This interim financial information is the responsibility of the Company's Management and has been approved by the Board of Directors. Our responsibility is to issue a report thereon based on our review.

Scope of Review

We conducted our review of the interim financial information in accordance with the Standard on Review Engagements (SRE) 2410, *"Review of Interim Financial Information Performed by the Independent Auditor of the Entity"*, issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the financial statements are free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data and thus provide less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial information does not present fairly, in all material respects, the state of affairs of the Company as of 31st December,2024 and of its results of operations and its statement of Cash Flow for the nine month then ended in accordance with applicable Indian Accounting Standards (Ind. AS) prescribed under section 133 of the Companies Act,2013, theElectricity Act,2003, WBERC & CERC Regulations and other recognized accounting practices and policies generally accepted in India.

Emphasis of Matter
We draw attention to:

Late Payment Surcharge (LPSC):

The company does not realize any late payment surcharge from WBSEDCL though as per WBERC (Terms and Conditions of Tariff) Regulations, 2011, the transmission licensee shall levy late payment surcharge from the beneficiary at the rate specified in the Regulation. As a result of non realization of such LPSC, the income of the company is understated to the extent of unrealized late payment surcharge amount from WBSEDCL. Amount could not be quantified as necessary records were not made available to us. (Refer note No. 5.1(a)

Furthermore, the Board of Directors, by resolution dated June 14th. 2024, has waived the late payment surcharge on old outstanding dues amounting to Rs.127.84 Crore up to 31.03.2024 as part of a one-time settlement initiative. This resolution also provides that no late payment surcharge shall be applied to such historical outstanding amounts in the future.

Over recovery from consumers: Rs.189.45crore.

WBERC through its APR order for the years: 2020-21 & 2021-22, has intimated the company for adjustment of over recovery of Rs.189 crore in future. However, WBERC has decided not to adjust the over recovery amount in the tariff for 2023-24 & 2024-25 as some computational errors were raised by the Company against these orders, which are pending for disposal.

Our opinion is not modified in respect of these matters.

17.1 Commissioned Capital Assets financed by the customers, deemed to be transferred to the Company in terms of Regulations framed by the West Bengal Electricity Regulatory Commission are in the process of identification. Amount received against identified project has been recognized as revenue over the period of useful life of the project.

17.2 Other Current Liabilities include Consumer Contribution to Capital Assets which represent advances received from customers for construction of transmission assets. The mapping of such advances with the completion status of the related project is being carried out . Pending completion of such process in entirety , no adjustment has been given in the books. However the management is of the view that the consequential impact (if any) would not be material compared to the size and business volume of the company.
